

# CURRICULUM VITAE

Dr. dr. Chodidjah, M.Kes

## A. Personal Information

| Item                    | Details                        |
|-------------------------|--------------------------------|
| Full Name               | Dr. dr. Chodidjah, M.Kes       |
| Place and Date of Birth | 21 Juli 1956                   |
| NIP                     | -                              |
| NIDN                    | 8949320021                     |
| Rank and Grade          | -                              |
| Academic Position       | Associate Professor            |
| Institution             | Universitas Islam Sultan Agung |
| Home Address            | -                              |
| Mobile Phone            | -                              |
| Email                   | -                              |
| Area of Expertise       | Medicine and Public Health     |
| Sinta ID                | -                              |
| Scopus ID               | -                              |
| Google Scholar ID       | -                              |
| Courses Taught          | -                              |

## B. Educational Background

|                                 | S-1/Bachelor                                 | S-2/Master                     | S-3/Doctor        |
|---------------------------------|----------------------------------------------|--------------------------------|-------------------|
| <b>Institution / University</b> | Bachelor - Medicine, Profesi Dokter UNISSULA | Master - Health Sciences UNDIP | Doctorate - UNDIP |
| <b>Field of Science</b>         | -                                            | -                              | -                 |
| <b>Graduation Year</b>          |                                              |                                |                   |
| <b>Title of Thesis</b>          | -                                            | -                              | -                 |

## C. Professional Experience

| Year    | Position                  | Institution / Role             |
|---------|---------------------------|--------------------------------|
| Current | Lecturer / Academic Staff | Universitas Islam Sultan Agung |

## D. Publications

| Year | Position                                                                                                                            | Journal                                            |
|------|-------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------|
| 2022 | Effect of Secretome-Hypoxia Mesenchymal Stem Cells on Regulating SOD and MMP-1 mRNA Expressions in Skin Hyperpigmentation Rats      | Open Access Macedonian Journal of Medical Sciences |
| 2022 | Local Wisdom Value in Implementing of Merdeka learning Kampus Merdeka in era Digital                                                | AL-ISHLAH: Jurnal Pendidikan                       |
| 2023 | Evaluation of Clitoria ternatea L. Flower Extract in Preventing Complications of Diabetes Mellitus                                  | Tropical Journal of Natural Product Research       |
| 2023 | Sungkai Leaf Extract (Peronema canescen Jack) Reduces MDA Levels and Increases IL-10 Levels in MSG-Induced Wistar Rats              | Poltekita: Jurnal Ilmu Kesehatan                   |
| 2023 | Effect of provision VCO (Virgin Coconut Oil) on Kadar SOD and Testosteron among Tikus Putih Galur Wistar with Aktivitas Fisik Berat | Jurnal Ilmiah Hospitality                          |

| Year | Position                                                                                                                                                                   | Journal                                              |
|------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------|
| 2023 | Improving Cytokines and HDL in Diabetic Wistar Rats by Using Combination of Curcumin and Metformin                                                                         | Mutiara Medika: Jurnal Kedokteran dan Kesehatan      |
| 2023 | Hepatoprotective activity of Averrhoa bilimbi L. fruit extract on carbon tetrachloride-induced acute liver failure in Wistar rats                                          | Universa Medicina                                    |
| 2023 | Anti-inflammation effect of Apium graveolens Extract against lead-acetate-induced brain injury in rats                                                                     | International Journal of Cell and Biomedical Science |
| 2023 | The Effect of Celery Extract on Caspase-3 and TNF- $\alpha$ Gene Expression in Lead Poisoning-Induced Renal Injury in Rats                                                 | International Journal of Cell and Biomedical Science |
| 2023 | Effect of Combination of Soybean and Phaleria macrocarpa Ethanol Extract on IL6, TNF $\alpha$ , VEGF and Fibroblasts in Mice Exposed to UVB                                | Phcogj com                                           |
| 2024 | Improving Students' English-Speaking Skills Through Project Video                                                                                                          | Journal of English Development                       |
| 2025 | Students' Inspiration in Making Short Story Projects in English Writing Class                                                                                              | Journal of English Development                       |
| 2025 | Differences in CEA Levels and Nutritional Status in Stage III Rectal Cancer Patients Undergoing Different Types of Therapy                                                 | Journal of Nutrition and Public Health               |
| 2025 | Secretome-Derived MSCs Attenuate VEGF and p38 Gene Expression in a PCOS Mouse Model: Implications for Therapeutic Interventions                                            | Journal of Experimental and Laboratory Medicine      |
| 2025 | Improved Wound Healing in Superficial Wound Infection Through $\alpha$ -SMA Upregulation and Increased Collagen Density by the Secretome of Hypoxic Mesenchymal Stem Cells | Scripta Medica                                       |
| 2022 | Introduction to Nutrition and Exercise on PKK Cadres During The Covid-19 Pandemic Time in Gaji Village, Demak                                                              | Abdi Dosen: Jurnal Pengabdian Pada Masyarakat        |
| 2025 | Education on Pemanfaatan Buah Pare as resources Antioksidan for Penderita Diabetes in clinical Mugi healthy, Jatingaleh city Semarang                                      | ARSY : Jurnal Aplikasi Riset kepada Masyarakat       |

| Year | Position                                                                                                                              | Journal                                       |
|------|---------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------|
| 2025 | Education on Pemanfaatan Buah Pare as resources Antioksiand for Penderita Diabetes in clinical Mugi healthy, Jatingaleh city Semarang | ARSY: Jurnal Aplikasi Riset kepada Masyarakat |
| 2025 | The Effect of Noni (Morinda citrifolia) Extract Gel on Collagen Density and Expression of p53 Protein in Rats Exposed to UVB.         | Tropical Journal of Natural Product Research  |
| 2025 | Hypoxia-Induced Mesenchymal Stem Cell Secretome Enhances IL-10 via STAT3 Pathway in a Rat PCOS Model.                                 | Tropical Journal of Natural Product Research  |

## E. Research Projects

| Year | Title / Focus of Research                                                                                         | Funding / Institution                          |
|------|-------------------------------------------------------------------------------------------------------------------|------------------------------------------------|
| 2022 | Efek Buah Pare (Bitter melon/momordica charantia) on Ekspresi Caspase 3 among Kultur Sel Kanker T47D and Sel Hela | Internal Grant, Universitas Islam Sultan Agung |
| 2024 | Efek Ekstrak Etanol Buah Pare on Ekspresi Protein BCL 2 Kultur Sel T47 D                                          | Internal Grant, Universitas Islam Sultan Agung |
| 2024 | Effect of provision Krim Ekstrak Mengkudu on Jumlah Fibroblast Tikus Jantan Wistar that Terpapar Sinar UVB        | Internal Grant, Universitas Islam Sultan Agung |
| 2024 | Effect of provision Krim Ekstrak Mengkudu on Jumlah Fibroblast Tikus Jantan Wistar that terpapar sinar UVB        | Internal Grant, Universitas Islam Sultan Agung |

## F. Community Service

| Year | Title                                                                                                                                                                           | Funding / Institution                          |
|------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------|
| 2024 | Improvement of Knowledge for Health Cadres PKK Mengenai Manfaat Kumur Air Rebusan Gambir (Uncaria gambir) on Pembentukan Plak Gigi in area urban village Banjardowo Semarang    | Internal Grant, Universitas Islam Sultan Agung |
| 2025 | Penyuluhan tentang Pentingnya Knowledge Buah Pare among Disease Diabetes that Ditinjau from Kandungan Zat Aktifnya serta Manfaat Makronutrient and Mikronutrien as Antioksiandt | Internal Grant, Universitas Islam Sultan Agung |

## G. Recognition

No verified recognition record was identified in the provided records.

**H. Books**

No verified book publication was identified in the provided records.

No verified intellectual property or applied work was identified in the provided records.
